Congress Delegates

Over 3,900 cardiovascular health professionals from across Canada are expected to attend CCC 2008 in Toronto

Delegates include the following: cardiologists; cardiac surgeons; anesthesiologists and researchers; nurses; technicians and technologists; perfusionists; rehabilitation specialists including dietitians and exercise specialists; students and trainees, and many other members of the cardiovascular healthcare team.

All registered CCC 2008 delegates are eligible to attend any Satellite Symposia.

► [Click here for Audience Profile](#)

The objectives of the Canadian Cardiovascular Congress are to:

- Provide a **high quality** science and educational experience for the delegates;
- **Disseminate** information derived from Canadian cardiovascular research (basic, clinical, health services and population research);
- **Stimulate** collaborative clinical and research initiatives;
- Provide **core learning opportunities** for cardiovascular professionals;
- **Showcase and publicize** the accomplishments of Canadian cardiovascular researchers thereby identifying the importance of ongoing support for cardiovascular research in Canada, and
- **Foster discussion** and debates that lead to cardiovascular health and care innovation.

The Congress is a forum to showcase Canada's best research and promote learning — through scientific sessions, interactive workshops, late-breaking and featured clinical trials and lively debates. The Congress is a place for active discussions on key issues with colleagues from across the country.

CCC 2007 program highlights:

- **983 abstracts submitted, a 25% increase over CCC 2006;**
- **187 Canadian Cardiovascular Society sessions, a 22% increase over CCC 2006;**
- **A 20% increase in total sessions over CCC 2006;**
- **A record number of LBFCT submissions and 27 interactive workshops, and**
- **19 accredited satellite symposia.**

Satellite Symposium will be awarded as follows:

Confirmed **Grand Patron** supporters will have priority selection of a Symposium time slot (one (1) slot per company), if Grand Patron support payment is received by February 6, 2008.

Satellite Symposia **time slots** will be allocated on the basis of:

- Grand Patron support (priority based on the date support payment received);
- Date and time of fully completed application form received at CCS, and
- CCS reserves the right to review Symposium submissions for topic overlap (the **mandatory outline** on Part 2 of the Application Form must be completed).

Companies that request the same time slot and submit similar topics will be assigned, wherever possible, to one of the alternate time slots submitted. Alternate time slots **must** be identified on the application form.

Assessment of topic overlap and fine tuning of the schedule will be done by a panel of CCS members representing multiple areas of cardiovascular expertise.

The initial date of acceptance of submissions for Satellite Symposia is Wednesday, February 6, 2008 (applications will not be accepted prior to this date) at the CCS office – 222 Queen Street, Suite 1403, Ottawa, ON K1P 5V9.

Application Forms will not be accepted by fax or e-mail.

Application Forms (Part 1 & 2), submitted incorrectly or with incomplete mandatory requirements **will be returned to the submitter**. This may impact the preferred time slot and topic choice.

An organization may apply for a **maximum of two** Satellite Symposium time slots between February 6 and February 14, 2008. Effective February 15, 2008, remaining Symposium slots will be made available to any organization requesting additional times.

Communications and Media Relations

- All Satellite Symposia confirmed before March 14, 2008 will be included in the CCC 2008 Preliminary Program.
- Publication of the content in the Final Program is available to **all accredited Satellite Symposia** who provide final content to the CCC Secretariat by July 18, 2008. **NEW!** Satellite Symposia topic outline changes will not be permitted following acceptance.
- Satellite Symposia sponsors may use the phrase "Held in association with the Canadian Cardiovascular Congress 2008" on all satellite related materials.
- Use of the CCS or HSFC logos is not permitted.
- Grand Patron supporters of CCC 2008 may use the CCC logo on publicity or communications regarding their Satellite Symposia until December 31, 2008.
- All opportunities for media and communications regarding Satellite Symposia, related speakers and topics should be identified and communicated to the Associate Director, Heart and Stroke Foundation of Canada.
- Publication of the content of Satellite Symposia programs on the Congress Web site (Preliminary Program) is available to sponsors who provide the information to the CCC Secretariat prior to March 14, 2008. Satellite Symposia content in the Preliminary Program will not be changed after publication on the Congress Web site (early June).
- **New mandatory requirement for 2008** – All symposium planners must provide 'Conflict of Interest' (COI) data on their speakers when submitted content for the Final Program.

Mandatory CPD Section 1 Approval

The CCS is an accredited CPD provider of the Royal College of Physicians and Surgeons of Canada. A copy of its Approval Application for Section 1 learning activities is available at www.ccs.ca.

Section 1 approval of all Satellite Symposia is mandatory for CCC 2008 in Toronto.

Satellite Symposia planners **must** apply for mandatory Section 1 approval through CCS. CCS will conduct random audits of Satellite Symposia.

Applications for Section 1 approval will not be accepted by CCS after June 16, 2008.

Note: CCS periodically implements changes to Accreditation processes in response to RCPSC revised Accreditation Guidelines. In 2008, look for information about changes in the following processes for Satellite Symposia:

- Needs Assessment
- Representation on Program Development Committees
- Processing of Honoraria

As CCS Annual Meeting Chair, Dr. Malcolm Arnold oversees all content-related activities within and associated with the CCS Scientific Program. In doing so, Dr. Arnold ensures the Scientific Program provides attendees with the learning experience they seek.

For more information, please contact Lise Hodgson at the CPD Office, 613-569-3407, ext. 404, 1-877-569-3407 or e-mail: cpd@ccs.ca

Additional Guidelines & Policies

- All Satellite Symposia of CCC 2008 must take place in a meeting venue officially designated by the CCS. Meeting space is provided at no additional charge, as part of the Satellite Symposia sponsorship.
- Satellite Symposium presenters **must** adhere to the awarded date and time slot. An additional half hour may be added to the published morning start times and evening end times (except the Monday evening slot) to be used for registration and meals. Complete details will be provided in your confirmation package from CCS.
- Symposium planners must obtain Section 1 approval of their Satellite Symposia. **Failure to do so will result in loss of time slot and accompanying fee.**
- Satellite Symposium sponsors may display signs before the session begins. Signs (30" x 36") are permitted in the Convention Centre in locations to be determined by the CCS. An additional sign is permitted in the facility where the Symposium will occur, unless otherwise indicated.
- Signs may be displayed up to 24 hours prior to and must be removed immediately after the completion of the Satellite Symposium. Signs must not be larger than 30" x 36" and must not use the CCS or the HSFC logos (exceptions apply for CCS accredited programs).
- Grand Patron supporters of CCC 2008 who host a Satellite Symposium may use the CCC logo on on-site Satellite Symposium signs.
- Satellite Symposium sponsors who purchase exhibit space are eligible to display a booth sign promoting the Satellite Symposium. The sign should not be larger than 30" x 36" and must not use the CCS or HSFC logos (exceptions apply for CCS accredited programs).
- Satellite Symposia sponsors may place a single-sheet insert regarding their program in the CCC 2008 delegate bags. All Satellite Symposia content and layout for invitations, inserts and signage **must be approved** by CCS and the CCC Secretariat prior to printing. Content and layout guidelines will be provided by CCS with your accreditation approval. Failure to receive approval in advance may result in materials not being allowed to be distributed. CCS and the CCC Secretariat will not permit the distribution of materials that have not been approved.
- The CCC Secretariat must receive the appropriate number of copies of the inserts in Toronto by the date provided.
- Satellite Symposia sponsors receive two complimentary CCS one-day delegate registrations, per sponsored Symposium, for their speaker(s) to attend the Scientific Program of the CCC 2008.
- All attendees of Satellite Symposia must be CCC 2008 registered delegates.
- CCS requests that satellite planners / organizers confirm with their speakers that they are permitted to give **no more than two** presentations at Congress in a given year.

For further information, please contact the Canadian Cardiovascular Society at (613) 569-3407, ext. 406, 1-877-569-3407.

Logistics and Audio-Visual Requirements

- The meeting management firm (Intertask Conferences) for CCC 2008 will handle logistics, meeting room and audio-visual requirements, including food and beverage services for the Congress.
- For further information, please contact Rozanne Lyons, CMP, Logistics Manager at (613) 238-2304 or at cardiocongress@intertaskconferences.com.
- All firms sponsoring Satellite Symposia at CCC 2008 are required to use the official CCC 2008 audio-visual supplier. Costs for audio-visual equipment, food and beverage as well as other related charges are the responsibility of the Satellite Symposium sponsor.
- Additional fees may apply to firms wishing to have Intertask Conferences provide coordination services for their Symposia.

The CCS and HSFC strongly encourage Satellite Symposium sponsors to offer CCC 2008 delegates heart-healthy food choices.

The Canadian Cardiovascular Society (CCS) is a non-profit professional medical organization of over 1,500 cardiovascular specialists and researchers. The CCS is the national voice for cardiovascular physicians and scientists.

The CCS mission is to promote cardiovascular health and care through:

- Knowledge translation, including dissemination of research and encouragement of best practices;
- Professional development; and
- Leadership in health policy.

The Society fulfills this mission by concentrating its efforts on five priorities:

- Membership
- The Canadian Cardiovascular Congress
- Health Policy Advocacy
- Practice recommendations and position statements
- Knowledge Translation programs and Professional Development

Thank you for your interest in CCC 2008.
